Aim

To offer an overview of career pathways to many of the career options available in the South West and other regions

Objectives

- To provide relevant and current presentations for young dentists to assist future dental career choices in the South West and other regions
- To give delegates the opportunity to ask questions about career options and Pathways

Dental Postgraduate Department

Learning Outcomes

- know the range of dental specialties and career pathways available in the South West and other regions
- have knowledge of career opportunities within primary care settings
- have an understanding of career opportunities in the Armed Forces
