

# OLIVER MCGOWAN TIER 1 WEBINAR

## TARGET AUDIENCE

In July 2022 the Health and Social Care Act 2022 introduced a requirement that regulated service providers ensure their staff receive training on learning disability and autism which is appropriate to the person's role.

This interactive webinar session is part 2 of the tier 1 course and is aimed at those people who have already completed the e-learning module. It is essential that everyone has completed the tier 1 eLearning package prior to attending this session.

This course is designed for people in roles within which they are not directly involved in the provision of care and support, however, their responsibilities involve interactions with individuals who have learning disabilities and autism, including administrative, catering, housekeeping and maintenance teams.

**This training is delivered by a trio of approved Oliver McGowan trainers, including an expert with lived experienced of learning disabilities and an expert with lived experienced of autism.**

This session provides an opportunity for delegates to ask questions, listen and talk to someone with a learning disability and someone with autism, who will share their own experiences.

Attendance to this session requires full interaction from individuals to ensure they develop new knowledge and strategies, that they can implement back in the workplace and so they can question current practice within their service. This will support the Oliver McGowan campaign to ensure that every person with a learning disability and autistic person has the right to excellent care and service from wherever they choose to access it.

**All sessions are delivered via Microsoft Teams.**

## COURSE CONTENT

- How to ask someone how they need to be supported
- Group questions for discussion
- Sharing own thoughts and experiences
- Understanding the need for reasonable adjustments
- Myth-busting quiz
- Experiences of using services from those with lived experience

## LEARNING OUTCOMES

**After attending this course, learners will be able to:**

- Understand that everyone is different and has different needs
- Give an example of how you can support a person with a learning disability or an autistic person differently
- Give an overview of what 'reasonable adjustments' means
- Identify any changes in practice needed to enable excellent care and services for people with a learning disability and autism

**DURATION:** 1 Hour

**CERTIFICATION:** Delegates will receive a fully accredited Oliver McGowan Certificate on completion of this course
