

## IMT Guide to appropriate e-LfH Modules for Regional Teaching e-learning

### USING e-LFH

1. Sign up for an e-LfH account (you will need your GM<C number)
2. Enrol in the module you are interested in
3. Each module may have several topics – demonstrated as folders
4. In each folder you will find sessions

TOPIC	Module	Folder	Session
Function and resources of NHS	<b>Leadership for Clinicians: Clinical Leadership (CLE)</b>	CLE02- Demonstrating personal qualities	02_02 Values and attitudes in practice
		CLE02 Demonstrating personal qualities	02_07 Errors and Experiences in Healthcare
		CLE02 Demonstrating personal qualities	02_09 Using best practice to improve healthcare
		CLE04 Managing Services	04_02 Learning from complaints
		CLE04 Managing Services	04_04 NHS Structure and Healthcare organisations
		CLE04 Managing Services	04_06 Financial Costs and Pressure
		CLE04 Managing Services	04_11 Organisational Performance
		CLE04 Managing Services	04_15 Commissioning for providers
		CLE06 Improving Services	06_08 National Organisations and networks
Communication	<b>Coronavirus (COVID-19)</b>	Resources for Staff Working in a Critical Care Setting – TRAINING VIDEOS	Communication in ITU -
		Resources for Staff Working in a Primary Care and Community Setting > Supporting Patient Mental Health for the whole workforce > End of Life Care and Bereavement Psychological	Legal and Ethical Issues Embedded in Communication
			Communicating with empathy
			Making the most out of listening
			Communication skills in end of life care – Telephone communication
			Communication skills in end of life care - Legal and Ethical Issues Embedded in Communication

		Aspects > THE TOP PRIORITY LIST	Communication skills in end of life care - "How dare you do this to me!" - managing anger
			Communication skills in end of life care - Distress: the crying patient
			Communication skills in end of life care- Dealing With Challenging Relatives
			Communication skills in end of life care - Breaking Bad News
		Resources for Staff Working in a Primary Care and Community Setting - TELEPHONE & VIDEO CONSULTATIONS	Video Consultations : Top 5 tips for GPs and primary care (eGP learning)
			Video Consultations - Top tips for video consultation for the beginner - podcast (from Wessex LMCs)
			Video Consultations -Video consulting with your N YouTube Video
			Video Consultations -Video consulting with your patients FAQs
			Video Consultations - Video consulting with your patients - A quick guide for clinicians
		Resources to support staff with difficult conversations and end of life care	Resources to guide staff conversations with patients and family members - Video 1 - The framework
			Resources to guide staff conversations with patients and family members - Real Talk Framework Telephone Prompt List
			Resources to guide staff conversations with patients and family members - Video 2 - Community (Advance Care Planning: how to have the conversation)
			Resources to guide staff conversations with patients and family members - Video 3 - Breaking bad news
			Resources to guide staff conversations with patients and family members - Video 4 - Ceilings of Treatment
			Resources to guide staff conversations with patients and family members - Giving news of a death to a loved one - Telephone checklist for healthcare staff
			Core sessions - Discussing 'Do Not Attempt CPR' Decisions
	Disability Matters	Person to Person	Understanding Matters for Effective Communication

	<b>Dementia (DEM)</b>	Enabling People to Live Well with Dementia	02_04 Communication, Interaction and Behaviour Dementia Care
	<b>Colorectal Cancer STT (COL)</b>	Undertaking the Telephone Assessment	Undertaking the Telephone Assessment
	<b>BeaGP GP Pre-speciality Teaching</b>	01 Consultation Skills	01_03 Communication Skills
	<b>Anaesthesia (e-LA)</b>	Core Training - Clinical -	e-LA Module 04c - Anaesthesia in the Elderly - 01 Introduction to the Elderly <ul style="list-style-type: none"> <li>04c_01_01 Communication Difficulties</li> </ul>
			eLibrary > CEACCP/BJA Education 2001 - 2019 > e-Library - CEACCP 2008 > CEACCP Aug 08 - CEACCP Communication skills in critical care
	<b>Care Certificate (CCT)</b>	Standard 6: Communication	Standard 6: Introduction to Communication
		Acute Care Scenario	
	<b>Communicating with Empathy (CWE)</b>	1. Communicating with Empathy	Communicating with Empathy
			Making the most out of listening
	<b>Shared Decision Making (SDM)</b>	Dialogues in Shared Decision Making	Patient Scenario 9: Consultation with Interpreter
			Patient Scenario 11: A Concerned Relative
QI	<b>Leadership for Clinicians: Clinical Leadership (CLE)</b>	CLE05 Improving Services	05_03 The impact of introducing change 05_04 Introduction to Quality Improvement 05_09 Clinical Governance
		CLE06 Setting direction	06_05 Collecting data for information healthcare
	<b>Leadership for Clinicians: Medical Leadership (MLE)</b>	03-Quality Improvement	03_01 Introduction to quality improvement 03_06 Using Best Practice

	<b>NICE Guidance (NICE)</b>	NICE 03- How to bring about change	03_01 Common barriers to change 03_02 Identify where change is needed How to bring about change 03_03 Methods to enable change
Ethics & Legal	<b>Induction for International Doctors (INT) &gt;</b>	Ethical and Legal Aspects to UK Clinical Practice	03_01 Good Medical Practice 03_02 Patient Consent 03_03 Patient Autonomy and Patient Ethics 03_07 Data Security Awareness - Level 1 03_08 Death Certification and Coroners
	<b>Leadership Foundations (LDF)</b>	LDF 01 - Demonstrating Personal Qualities	01_04 Acting with Integrity
	<b>Leadership for Clinicians: Clinical Leadership (CLE)</b>	CLE 04 - Managing Services	04_03 Ethics and Equity in Planning Services
	<b>Dementia (DEM)</b>	Enabling People to Live Well with Dementia	02_10 Law, Ethics and Safeguarding in Dementia Care
	<b>End of Life Care (e-ELCA)</b>	e-ELCA 05 - Integrating Learning in End of Life Care	Paediatric Palliative Care courses > Ethics, Sexuality & Spirituality > Ethics and the Law
	<b>Intensive Care Medicine (e-ICM)</b>	Module 8 Non-clinical Topics for ICM	<ul style="list-style-type: none"> <li>o 04 The law and ICM <ul style="list-style-type: none"> <li>▪ 07 Capacity and consent</li> <li>▪ 08 Deprivation of Liberty</li> <li>▪ 09 The Mental Health Act</li> <li>▪ 10 The Coroner and Procurator Fiscal</li> </ul> </li> </ul>
	<b>Foundation (FND)</b>	Professional capabilities 2: Delivers patient centred care and maintains trust	Deprivation of liberty Patient autonomy and related ethics Safeguarding vulnerable adults Confidentiality and privacy Assessing mental capacity Planning ahead using the MCA Best interests Restraint
		Professional capabilities 3: Behaves in accordance with ethical and legal requirements	HIV testing Completion of medical certificate of cause of death 3 Data security awareness -level 1
	<b>Medicolegal Training (MLT)</b>	Introduction to the courts and giving evidence	Video: The Courts In England and Wales
		Preparing and Writing a Report or Statement	Video: Preparing and Writing a Report or Statement

			Presentation: Preparing and Writing a Report or Statement Document: Sample Statement
		Inquest and the coroner's court	Presentation: Report Writing - Coroner's Report
		Additional Resources	Resources for HEE Training on Reports, Statements Courts
Reflection	<b>Leadership Foundations (LDF)</b>	LDF 01 - Demonstrating Personal Qualities > s	01_01 Developing Self-awareness
	<b>Anaesthesia (e-LA)</b>	eLibrary > RCoA Webcasts > Teaching and Training	21_18_03 RCoA Webcast: Lifelong Learning Webinar Personal activities and personal reflection Foundation
	<b>Foundation (FND)</b>	Section 1: Professional behaviour and trust > Professional capabilities 4: Keeps practice up to date through learning and teaching >	Getting the Most Out of SLEs Reflection After Feedback
		Section 2: Communication, team-working and leadership- Professional capabilities 6: Communicates clearly in a variety of settings	Medical Error: When Things Go Wrong
	<b>Global Learners Programme (GLP)</b>	Settling into the NHS	NHS Values 01_07 Reflection and Reflective Practice
	<b>Leadership for Clinicians: Clinical Leadership (CLE)</b>	CLE 02 - Demonstrating Personal Qualities	02_11 The Challenge of Probity
Shared decisions	<b>NICE guidance (NICE)</b>	NICE 02 – How to make evidenced based decisions	02_01 Making decisions
	<b>Shared Decision Making (SDM)</b>	Helping Patients Make Informed Decisions	Communicating Potential Harms and Benefits (Primary Care)
		SDM 01 - Guidance on Shared Decision Making	Introduction to Person Centred Care

	<b>Coronavirus (COVID-19)</b>	Resources for Nurses, Midwives and AHPs Returning to work, being Redeployed or UpSkilled >Resources for Nurses deployed into primary and community care > Essential Learning for nurses deployed into primary and community care > Essential visiting skills in the community	Introduction to Person Centred Care
Clinical Judgment / Reasoning			
Critical Appraisal	<b>Emergency Medicine (EMD)</b>	Academic and Research Development - Literature Appraisal Skills	01_11_03_01 - Critical Appraisal - Evaluating a Treatment
	<b>Leadership Foundations (LDF)</b>	LDF 05 - Setting Direction	05_02 Applying Knowledge and Evidence
Research	<b>Anaesthesia (e-LA)</b>	eLibrary > RCoA Webcasts > Research Research, audit and quality improvement – R&A – Module 1 research and audit core knowledge	01_01 Epidemiology: basic principles Research audit and quality improvement 01_02 Meta-analysis and evidence-based medicine 01_04 searching the journal and locating papers 01_05 How to review a paper 01_11 systematic reviews 01_12 Qualitative Research: basic principles
Gastroenterology	Acute Medicine (ACUMEN)	Gastroenterology	04_099 Refeeding Syndrome 06_021 Investigation and Management of Dyspepsia 06_002 Ulcerative Colitis: Investigation and Management 06_011 Haematemesis and Melaena: Causes, Risk Stratification and Management 03_048 Nausea and Vomiting: Investigations and Management 03_044 Jaundice 01 Knowledge A 03_040 Investigation and Management of Diarrhoea 03_037 Abdominal Pain 01_108 Pathophysiology of Gastro-oesophageal Reflux Disease Causing Cough

Elderly Medicine	<b>Geriatric Medicine (MCE)</b>	MCE MCTea Podcasts	Episode 1.01 Comprehensive Geriatric Assessment Episode 1.04 Communication in cognitive impairment Episode 1.08 Hydration
		MCE Falls falls assessment in Older people	Causes of Falls
		MCE: Dementia	Dementia Identification assessment and diagnosis Dementia: dementia Risk, reduction and prevention
		MCE: Delirium	Acute Illness impacts function in elderly Acute confusion and off legs
		MCE: Ageing	Normal Changes of Ageing Frailty: A description of elderly reserve
Endocrinology	Acute Medicine (ACUMEN)	Endocrine	04_072 Management of Thyrotoxicosis Including Thyroid Storm 02_015 Management of Low Sodium 02_013 Low Sodium Causes 'Tree' 04_071 Endocrine Causes of Fever 02_014 Drugs Which Cause Low Sodium 02_052 Clinical Manifestations of Diabetic Autonomic Neuropathy
	Anaesthesia (e-LA)	Core Training -Clinical – Introduction to critical care – Patient specific Populations - ENDOCRINE	03_26_01 Endocrine problems in the critically ill 1 03_26_02 Endocrine problems in the critically ill 2
Oncology	Acute Medicine (ACUMEN)		05_002 Acute Back Pain - Malignant Cord Compression Investigation and Management 06_005 Neutropenic Sepsis with Oral Ulceration
Immunology	Acute Medicine (ACUMEN)	Immunology	03_049_F Anaphylaxis
	Pathology (PATH)	Immunology	05_010 Antibodies I 05_011 Antibodies II 05_012 Antibodies III 05_062 Complement Deficiency 1 05_063 Complement Deficiency 2 05_075 Specific Ab Testing 05_085 Periodic Fever
		Virology	07_001 Genetics and Taxonomy of Major Viral Agents 3D Structure

			07_015 Pathogenicity of Infectious Diseases 07_013 HCV Genotyping 07_026 Herpes Virus Infections in the Immunocompromised 07_034 Laboratory Safety: Disinfection/Sterilisation 07_052 Sharps Injuries 07_060 HBV 07_0651 Respiratory Tract Infection Part 1 07_076 Viral Meningitis 07_077 Virus Encephalitis 07_110 Routes of Transmission of Infectious Disease 07_111 Impact of Immunity 07_113 The Surveillance of Infectious Disease in the
Cardiology	Acute Medicine (ACUMEN)	CARDIOLOGY	06_006 Pericarditis: Investigation and Management 04_075 Brugada Syndrome 03_045 Limb Pain and Swelling 04_086 Risk of In-stent_Re-stenosis 00_181 The ECG in Acute Pericarditis 02_084 Syncope: Guidelines and Treatment 04_090 Causes of Hypertrophic Cardiomyopathy 04_016 Classic ECGs and Infarct Territories Last accessed: 05 Aug 2019 04_011 Causes, Investigation and Management of Valvular Disease in Pregnancy 02_087 Anoxic Seizures 04_030 Pathophysiology Presentations and Management of Cocaine-related Chest Pain 02_118 ECG Interpretation in the Bradycardic Patient Last accessed: 05 Aug 2019 04_008 Differential Diagnosis Investigation and Treatment of Chest Pain in Pregnancy 04_047 Causes of Palpitations - Atrial Flutter 04_042 Investigation, Management and Treatment of Mitral Stenosis 04_091 Investigation and Management of Hypertrophic Cardiomyopathy (HCM) 04_023 Different Presentations of Anginal Chest Pain 04_004 Diagnosis of Endocarditis 02_058 Definition of Postural Hypotension 04_053 Characteristics of Ventricular Tachycardia Versus Supraventricular Tachycardia 04_041 Causes of Mitral Stenosis 04_010 Cardiovascular Adaptations to Pregnancy 01_063 Acute Management of Accidental Hypothermia and its Complications 02_010 Acute Illnesses Which Can Present With Syncope

Neurology	Acute Medicine (ACUMEN)	NEUROLOGY	06_010 First Fit: Investigation and Management 03_038 Management of Acute Back Pain 03_035 Dealing with the Unconscious Patient 02_032 How to Take a Headache History 02_020 Definition of Stroke 02_103 Areas of the Brain and Associated Speech Disturbances 02_102 Types of Speech Disturbances 02_028 Stroke Differential Diagnosis in Younger Patients 02_017 Chronic Cord Compression: Examination Findings 02_029 Stroke: Where is the Lesion? 02_130 Brain Tumours Affecting Speech: Types, Treatment, Management 02_095 The Vestibular System and its Connections 02_067 Spinal Cord Compression 04_080 Safe Sedation 02_040 Parkinson's Disease: Diagnosis, Investigation, Management 02_038 Parkinson's Disease: Classical Symptoms and Signs 02_039 Parkinsonism 02_065 Clinical Findings Associated with Spinal Cord Compression 02_066 Causes of Acute Spinal Cord Compression 02_097 All About Uncompensated Vestibular Disorders
	Anaesthesia (e-LA)	Core Training -Clinical – Introduction to critical care - specific Populations - NEUROLOGY	03_25_04 Management of neurological and neuromuscular diseases: GBS, MG, MND, CIPN, CIP, Parkinson'
Palliative care	Acute Medicine (ACUMEN)	PALLIATIVE CARE	04_01 General approach to assessment of symptoms 04_02 Agreeing a plan of management and care 04_03 Communicating the Plan of Management and Care 04_04 Individual preferences and cultural influences on symptom management 04_05 Influence of Transition Points and Crises on Decision-Making in Symptom Management 04_06 Recognising Your Own Limitations in Symptom Management Assessment of Pain Principles of pain management 04_09 Drug Management of Pain: Core Knowledge 04_10 Opioids in Pain Management: Advanced Knowledge 04_11 Managing Different Types of Pain

			<p>Drug Management of Breathlessness</p> <p>04_12 Assessment of breathlessness</p> <p>04_15 Causes of nausea and vomiting</p> <p>04_17 Management of nausea and vomiting</p> <p>04_19 Management of constipation</p> <p>04_16 Assessment of nausea and vomiting</p> <p>04_18 Assessment of Constipation</p> <p>04_21 Management of seizures</p> <p>04_24 Managing Death Rattle</p> <p>04_22 Recognising and Managing Malignant Spinal Compression</p> <p>Recognising the Last Months and Days of Life and Verifying Death</p> <p>Using Syringe Drivers</p> <p>04_25 Agitation and Restlessness in the Dying Phase</p> <p>04_28 Non-drug intervention in symptom management</p> <p>04_30 Symptom Management Complicated by Coexisting Conditions</p> <p>04_26 Managing distress during the dying phase</p> <p>04_29 Symptom Management in People with Learning Difficulties or Mental Health Problems</p> <p>04_31 Management of symptoms associated with wounds</p> <p>04_32 Assessment of Mood</p> <p>04_33 Assessment and Management of Anxiety</p> <p>04_34 Management of Depression</p> <p>04_36 Recognising and managing fatigue</p> <p>04_37 Assessment and management of weight loss/loss of appetite</p> <p>04_35 Assessment and Management of Agitation</p> <p>04_38 Management of Sore Mouth and Other Oral Problems</p> <p>04_39 Assessment of physical and cognitive deterioration in function</p> <p>04_40 Management of physical deterioration</p> <p>04_41 Management of Cognitive Deterioration</p>
	<b>End of Life Care for All (e-ELCA)</b>	e-ELCA -00 Introduction	<p>00_01 Introduction to e-learning for End of Life Care</p> <p>00_02 Relationship Between Palliative Care and End of Life Care</p>
		e-ELCA-01 Advanced Care Planning	<p>Introduction to Principles of ACP</p> <p>01_02 Cultural and Spiritual Considerations in ACP</p> <p>01_03 Benefits and Risks of ACP to Patients Families and Staff</p> <p>01_04 ACP in Practice: Using an End of Life Care Tool</p> <p>01_05 Advance Decisions to Refuse Treatment: Principles</p>

			01_06a Advance Decisions to Refuse Treatment in Practice 01_06b Writing an Advance Decision to Refuse Treatment 01_07 Mental Capacity Act - Aims and Principles 01_08 Mental Capacity Act in Practice 01_09 Approaching ACP When Capacity is Uncertain, Fluctuating, or Likely to Deteriorate 01_10 ACP and Different Illness Trajectories 01_11 Introduction to conducting conversations about advance care planning 01_12 How to get started and get the timing right 01_13 How to handle patients' questions and concerns 01_14 How to Document Conversations About Advance Care Planning 01_15 How to Negotiate Decisions Which May be Difficult to Implement 01_16 How to Review Previous ACP Decisions 01_17 Developing ACP in Your Organisation 01_18 Developing Your Practice Clinical Supervision Further Reading Personalised Care Planning
		e-ELCA -02 - Assessment in end of life care	02_01 Introduction to principles of assessment in end of life care: Part 1 02_02 Introduction to principles of assessment in end of life care: Part 2 02_14 Assessment of the dying phase and after death
		e-ELCA 03 - Communication Skills	The importance of good communication Principles of communication Communicating with ill people Talking with Ill People Considering the Surrounding Environment Culture and Language in Communication 03_06 Communication skills for administrative staff, volunteers and other non-clinical workers
		e-ELCA – 04- Symptom Management, comfort and wellbeing	04_01 General approach to assessment of symptoms 04_02 Agreeing a plan of management and care 04_03 Communicating the Plan of Management and Care Assessment of Pain Principles of pain management 04_09 Drug Management of Pain: Core Knowledge 04_12 Assessment of breathlessness Drug Management of Breathlessness 04_14 Non-drug management of breathlessness 04_16 Assessment of nausea and vomiting 04_15 Causes of nausea and vomiting

			04_18 Assessment of Constipation Recognising the Last Months and Days of Life and Verifying Death Symptom Management for the Dying Adult 04_25 Agitation and Restlessness in the Dying Phase Using Syringe Drivers 04_26 Managing distress during the dying phase 04_37 Assessment and management of weight loss loss of appetite 04_38 Management of Sore Mouth and Other Oral Problems
Renal	Acute Medicine (ACUMEN)	Renal	02_080 Definitions of CKD 02_079 Causes of Nocturia 02_099 Causes of Dysuria 05_011 Investigation and Management of Acute Kidney Injury 02_081 Management of CKD 01_089 Goodpasture's Disease Signs and Symptoms 00_117 Investigation and Management of Urinary Infection 00_229 Investigation and Management of Haematology
	Anaesthesia – e-LA	Core training – clinical	e-LA module 02 consolidating basic clinical practice Anaesthesia and intercurrent disease – 03 anaesthesia and renal disease – 02_03_03 Anaesthesia for the patient with a renal transplant
		Intensive Care Medicine (e-ICM)	Module 3 Medicine and Surgery for ICM > 05 Immunology > 16 Immunosuppression > 03 16 01 Infections in Immunocompromised Hosts and Organ Transplant Recipients: Essentials Surgery (SUR) > SUR 09 - Organ and Tissue Transplantation > 09_01 Principles of Transplant Immunology and Immunosuppression
	Renal Medicine (Kidn-e)	Acute Kidney Injury	01_001 AKI - Differential Diagnosis 01_002 AKI - Fluid Resuscitation 01_003 AKI - Prevention 01_004 AKI - Inflammatory Renal Disease 01_005 AKI - Urinary Obstruction 01_006 AKI - Life-threatening Complications 01_007 AKI - Fluid Management of the Patient with Renal Failure
		Chronic Kidney Injury	02_001 CKD - The Assessment of a Patient with CKD 02_002 CKD - Hypertension in CKD 02_003 CKD - Cardiovascular Disease in Renal Patients 02_004 CKD - The Patient with Diabetic Nephropathy 02_005 CKD - Treating Complications of Advanced Anaemia

			02_006 CKD - Treating Complications of Advanced Mineral Bone Disorder 02_007 CKD - Safe Prescribing in a Patient with Pre-existing Renal Disease 02_008 CKD - Effect of Commonly Used Drugs on Renal Function
Rheumatology	Geriatric Medicine (MCE)	MDTea podcasts	Episode 8.09 - Polymyalgia Rheumatica: the forgotten condition
	Coronavirus (COVID-19)	Resources for Staff Working in a Critical Care Setting > Essential Learning Resources for Healthcare Staff working in Critical Care > London Nightingale Hospital - SOPs - Standard Operating Procedures > Barts 2	Medical Guidelines for Rheumatology Patients Admitted to Hospital
Medical Genetics	Acute Medicine (ACUMEN)	Clinical Genetics	00_225 Polycystic Kidney Disease
	Dermatology (e-Derm)	e-Derm 16	Genetics
	Pathology (PATH)	e-Path -05	02_127 Triplet Repeats 02_050 Embryology 02_046 Fanconi Anaemia 02_0302 Marker Chromosomes (Markers Excluding Acrocentric Chromosomes) 02_0301 Marker Chromosomes (Acrocentrics Including Chromosomes 15 and 22)
ICU	<b>Intensive Care Medicine (e-ICM)</b>	Module 2 General concepts of ICM	<ul style="list-style-type: none"> <li>• 01 Identification of the Critically Ill patient</li> <li>• 02 Organ Support <ul style="list-style-type: none"> <li>○ 02 General Concepts</li> <li>○ 03 Respiratory</li> <li>○ 04 Cardiac</li> <li>○ 05 Renal</li> <li>○ 06 Hepatic</li> </ul> </li> <li>• 03 Nutrition Of Fluid <ul style="list-style-type: none"> <li>○ 08 Fluid Therapy</li> </ul> </li> <li>• 04 Analgesia and Sedation <ul style="list-style-type: none"> <li>○ 09 Analgesia</li> <li>○ 10 Sedation</li> </ul> </li> <li>• 05 The costs and unwanted effects of critical care <ul style="list-style-type: none"> <li>○ 11 Prevention of complications</li> </ul> </li> <li>• 06 End of life care</li> </ul>
