

## IMT Guide to appropriate e-LfH Modules for Regional Teaching e-learning

### USING e-LFH

1. Sign up for an e-LfH account (you will need your GMC number)
2. Enrol in the module you are interested in
3. Each module may have several topics – demonstrated as folders
4. In each folder you will find sessions

| TOPIC                         | Module  | Folder   | Session  |
|-------------------------------|---|--|--|
| Function and resources of NHS | <b>Leadership for Clinicians: Clinical Leadership (CLE)</b> | CLE02- Demonstrating personal qualities                                  | 02_02 Values and attitudes in practice             |
|                               |   | CLE02 Demonstrating personal qualities                                   | 02_07 Errors and Experiences in Healthcare         |
|                               |   | CLE02 Demonstrating personal qualities                                   | 02_09 Using best practice to improve healthcare    |
|                               |   | CLE04 Managing Services  | 04_02 Learning form complaints                     |
|                               |   | CLE04 Managing Services  | 04_04 NHS Structure and Healthcare organisations   |
|                               |   | CLE04 Managing Services  | 04_06 Financial Costs and Pressure                 |
|                               |   | CLE04 Managing Services  | 04_11 Organisational Performance                   |
|                               |   | CLE04 Managing Services  | 04_15 Commissioning for providers                  |
|                               |   | CLE06 Improving Services   | 06_08 National Organisations and networks          |
| Communication                 | <b>Coronaviruses (COVID-19)</b>                             | Resources for Staff Working in a Critical Care Setting – TRAINING VIDEOS | Communication in ITU -                             |
|                               |   | Resources for Staff Working in   | Legal and Ethical Issues Embedded in Communication |

|  |  |   |  |
|--|--|---|--|
