

Making Endodontics Predictable

Venue: School of Dentistry, Education Wing including the Phantom Head Suite.

Date: Thursday 23rd June 2016

Time: 9.00am to 9:30am Arrival and Registration - Close at 5:00pm

This programme qualifies for 5.5 hours of verifiable CPD

Speakers

Dr Brian Grieveson – Senior Clinical Lecturer in Restorative Dentistry

Miss Katie Blundell – Clinical Lecturer in Restorative Dentistry

Who Should Attend?

The course is aimed at Registered General Dental Practitioner's (GDP's)

Aim:

To develop a logical and predictable approach to endodontics using modern endodontic techniques.

The course will help GDP's develop a better understanding of modern endodontic techniques, by having an improved knowledge and hands on experience of rubber dam placement, tooth access, and canal mechanical preparation and obturation.

Learning Outcomes:

By the end of the event delegates will be able to:

- Access molars and premolars, being mindful of conservation of tooth tissue and straight line access.
- Describe the normal anatomical location of canals.
- Discuss techniques which will aid safe and predictable negotiation of root canal space.
- Undertake simple chemo-mechanical preparation techniques.
- Describe obturation techniques that compliment preparation.
