A grayscale cone beam CT scan of a tooth, showing the internal root canal system. The root canal is clearly visible, curving slightly towards the apex. The surrounding bone structure is also visible.

A practical 'Hands-on' Endodontic course

A course for Dentists

Overview:

This hands-on course aims to introduce contemporary endodontic techniques (including access, instrumentation and irrigation) and to understand the biology of endodontic disease and the importance of basic biological principles in its treatment.
