

Take the headache out of practice management by attending the Dental Practice Managers Forum – Lunch and Learn

Overview:

In the last few years dentistry has changed significantly and it is important that practice managers/senior nurses keep their skills and knowledge up to date. Experts in the field of dentistry will be invited to speak about current topics that are identified as being relevant to the smooth running of the dental practice.

This event will give proactive managers and senior nurses the opportunity to network and share best practice with likeminded people, whilst learning key topics relevant to their role.

For full aims, objectives, learning outcomes and to reserve your place visit the Maxcourse website:
