A close-up photograph of a patient's mouth during a dental procedure. A dental chair headrest is visible, holding the patient's head back. The patient's lips are parted, revealing the upper and lower teeth. A dental mirror is being used to examine the upper teeth. The mirror's handle is visible, and the reflection shows the upper teeth and the dental mirror. The patient's tongue is visible, and the dental mirror is being used to examine the upper teeth. The patient's mouth is open, and the dental mirror is being used to examine the upper teeth. The patient's mouth is open, and the dental mirror is being used to examine the upper teeth.

# Chrome & Partial Dentures: A Course for Dentists

## Overview:
