# Antimicrobial Resistance

## Course for the dental team

### Overview:

Antibiotics play an important role in dentistry but they also come with increasing worldwide problem.

This course aims to provide information on the national audit for AMR including modern ways of managing pain. It will help you to identify resources for better delivery of antimicrobial care and update you on smarter antibiotics prescribing.

For full aims, objectives, learning outcomes and to reserve your place visit the Maxcourse website: [www.maxcourse.co.uk/henw](http://www.maxcourse.co.uk/henw)

Refunds will only be given up to 4 weeks prior to the course date. However, places can be transferred between colleagues if necessary at any time.
