Foundation Course in Dental Acupuncture

A course for Dentists, Therapist, Hygienists and *Nurses

Overview:

Discover acupuncture and its uses in dentistry. This session aims to introduce the use of acupuncture into the dental setting.

Topics include:

- Theory and Background of acupuncture
- Diagnosis of head and neck myofascial pain
- Side effects and complications of acupuncture
- How to start using acupuncture in your practice

This session includes a practical element in which acupuncture needling will be performed.

* It is advisable to all Dental Nurses interested in this course to check their indemnity cover to practice acupuncture under dentist's prescription prior to attending.
