Posterior Composite Restorations

A 'Hands on' Course

Overview:

This session for dentists aims to enable delegates to restore posterior teeth with composite resin in a predictable manner.

By completing this session delegates will have a further understanding of posterior tooth anatomy, lining materials and contact points.

For full aims, objectives, learning outcomes and to reserve your place visit the Maxcourse website:
www.maxcourse.co.uk/henw

Refunds will only be given up to 4 weeks prior to the course date. However, places can be transferred between colleagues if necessary at any time.
