Infection Prevention and Control

A course for the whole dental team

Overview:

This full day course will provide an update on the latest developments in regards to infection control and decontamination.

Delegates will learn essential and best practice quality requirements of the Health Technical Memorandum 01-05, auditing, validation and how to implement changes reducing the risk of infection in the workplace.

For full aims, objectives and learning outcomes and to reserve your place go to www.maxcourse.co.uk/henw

Refunds will only be given up to 4 weeks prior to the course date. However, places can be transferred between colleagues if necessary at any time.
