

# Temporomandibular Disorder

## Diagnosis and Management

### SPEAKER

**Mr Stephen Davies** (BDS, DGP, MDSc)

Lead Clinician, Temporomandibular Clinic, University Dental Hospital Manchester, Specialist in Restorative Dentistry

### Overview

This introductory course will enable delegates to understand the differential diagnoses of Temporomandibular Disorder (TMD). Delegates will learn how to recognise patients with TMD, make an accurate diagnosis of the type of TMD and gain an understanding of how patients should be managed.

### Patient Consultations

The event will include formal lectures and patient consultations. As part of his presentation the highly regarded speaker Mr Stephen Davies, will examine 2 patients who are suspected by their attending delegate dentist of suffering from TMD.

This is an opportunity to refer a patient to be examined by Mr Davies on the day and observe how he arrives at a diagnosis and treatment plan.

During the patient consultation sessions the history and examination will be fed through to delegates via a video link.

For full details or if you have a consensual patient who would like to take advantage of this referral, please contact **Elaine Douglas** at [elaine.douglas@hee.nhs.uk](mailto:elaine.douglas@hee.nhs.uk) or **0151 479 2624** to register your details and those of your patient. To be considered for selection, all patient details and consent must be registered in advance by delegates attending.

### Presentations will cover:

- **TMD diagnosis and management**
- **Splint therapy especially the stabilisation splint**
- **Patient consultations via a video link**
