

Awareness Saves Lives

*You, your team and head and neck cancer
Prevention – Early Detection - Referral*

Education and debate for the
whole dental team

**2.5
CPD hours**

VENUES & DATES:

Leighton 1st February 2018

Chester 6th February 2018

Aintree 19th February 2018

Whiston 15th March 2018

Macclesfield 20th March 2018

Overview of evening:

The evening is designed to build on and complement the success of the recent oral cancer campaign and the launch of the new local oral cancer care guide, developed by the Local Dental Network, Cheshire & Merseyside.

The events will help to consolidate learning in relation to prevention, early detection and referral. By providing an opportunity for the whole dental team to explore the concept of 'Making Every Contact Count' and how it can be applied to a dental surgery setting, they can help to improve the health and well-being of individuals and communities they serve, thus saving lives

A light buffet will be provided; this will provide you with a good opportunity to network with your peers.

The event is open to all primary care dental teams in Cheshire & Merseyside.

For full aims, objectives, learning outcomes and to reserve your place, visit the Maxcourse website:

www.maxcourse.co.uk/henw
