

Introducing New Oral Surgery Referral Guidelines in Lancashire and South Cumbria – Ensuring your referral is not rejected

Calling all Lancashire and South Cumbria Dentists!

You are invited to this informative webinar, developed by your LDN to review the new referral guidelines for oral surgery, and give you the opportunity to hear information on caring for those patients taking Bisphosphonates and Anticoagulants. It will review information on referral guidelines for TMJ patients.

You will learn about the Oral Surgery in General Dental Practice Peer Review Scheme, giving you the opportunity to describe any training needs required as a result of new guidelines.
