BDA Qualification in Dental Radiography:

A course for DCPs

Overview:

The course prepares you for the BDA Qualification in Dental Radiography, a nationally-recognised qualification that qualifies you to take radiographs unsupervised.

This is an 8 week online course combined with 5 supporting taught sessions to help you prepare for the final exam. The course consists of 25 modules which will cover everything you'll need to know about dental radiography

For full aims, objectives, learning outcomes and to reserve your place visit the Maxcourse website: www.maxcourse.co.uk/henw

Refunds will only be given up to 4 weeks prior to the course date. However, places can be transferred between colleagues if necessary at any time.
