

# Manchester Medical Society

## Section of Odontology

**WHEN: TUESDAY 3<sup>rd</sup> MAY 2022**

**WHERE: ONLINE VIA ZOOM**

**TITLE: DEATH BY CO-MORBIDITY: IS THERE A ROLE FOR PERIODONTITIS?**

You will be able to submit questions to the panel during the event using the Q&A function on Zoom. Register in advance for this webinar via the QR code or at: [https://us06web.zoom.us/webinar/register/WN\\_powtbxqRQzaTwc6DcxDkrw](https://us06web.zoom.us/webinar/register/WN_powtbxqRQzaTwc6DcxDkrw)

After registering, you will receive a confirmation email containing information about joining the webinar. To create a free zoom account, visit [www.zoom.us](http://www.zoom.us)

6.30 – 7.45 pm      **Professor Iain L C Chapple**, Director of Research, Institute of Clinical Sciences College of Medical & Dental Sciences, The University of Birmingham

*Aims & Objectives:*

- To share the truth about periodontal-systemic connections according to the current evidence base.
- To visualise the impact of periodontitis as a chronic non-communicable disease (NCD) and the role of the dental team in managing NCDs.
- To glimpse into the future role of the dental team in medical management of their patients.

*Learning Outcomes:*

- Understand the impact of severe periodontitis upon life expectancy.
- Be able to confidently discuss and explain to patients the impact of oral health upon general health without alarming them.
- To understand how periodontitis may be causally involved in systemic NCDs of ageing.

**This activity fulfils GDC eCPD development outcomes: B, C & D**
