Dental Radiography: Legislation and your Radiation Protection File - are you Compliant?

**TUESDAY
7TH JUNE 2022**

The focus of this session is to discuss the requirements for the radiation protection file, with due regard to the Ionising Radiations Regulations 2017 (IRR17) and the Ionising Radiations (Medical Exposure) Regulations 2017 (IR(ME)R17).

The roles and responsibilities of members of the dental team will also be highlighted.

Speaker: Tracey Gregory qualified as a diagnostic radiography in 1994. She has worked in diagnostic radiography education. Working as a senior lecturer, professional lead roles and undertaking the role of lead consultation skills trainer at the University of Leicester Medical School.
