Health Education England working in partnership with GM Local Dental Network and Greater Manchester Federation of LDCs and are pleased to offer......

Dementia Friendly Dentistry:

This course is designed to increase primary dental care teams ability to support patients living with dementia.

Objectives:

- Review care and treatment planning for patients living with dementia
- Utilise the dementia friendly dentistry toolkit in the dental setting
- Identify ways in which team members can support patients attending the practice, who are living with dementia

Please note that this training is part of the GM Dementia Friendly Dentistry Award and is only for dental teams working within Greater Manchester with an NHS contract.

* The first 50 practices to complete the award will receive a payment of £200 in recognition of their work to achieve this. At least one dentist from the practice must attend as part of the award criteria.

For further information please contact Jane Cooney on 07703 672344 or email Jane.cooney@nhs.net
