

Tooth Wear – Management in General Dental Practice

With increasing life expectancy and increasing numbers of patients maintaining their teeth for life, tooth wear is increasing in prevalence within the population. This webinar will explore how tooth wear can be managed in a general dental practice setting.

SPEAKER:
Chris Dakin
BDS, MFGDP(UK),

Chris has lectured regionally and nationally on occlusion in restorative dentistry, and in 2020 relocated to the Wirral and works exclusively with Ian Buckle at Buckle Advance Dental Care.
