## Dementia Friendly Dentistry:

This course is designed to increase primary dental care teams  
ability to support patients living with dementia.

### Objectives:

- Review care and treatment planning for patients living with dementia
- Utilise the dementia friendly dentistry toolkit in the dental setting
- Identify ways in which team members can support patients attending the practice, who are living with dementia

Please note that this training is part of the GM Dementia Friendly Dentistry Award and is only for dental teams working within Greater Manchester with an NHS contract.

\* The first 100 practices to complete the award will receive a payment of £200 in recognition of their work to achieve this. At least one dentist from the practice must attend as part of the award criteria.
