

Principles of Basic Occlusion: Hands-on

Venue: School of Dentistry, Education Wing

Dates: Friday 10th January 2020

Time: 8.30am to 9:00am Arrival and Registration - Close at 5:00pm

Course Speakers:

Rahat Ali: Consultant in Restorative Dentistry / Specialist in Restorative Dentistry, Prosthodontics and Endodontics.

Callum Cowan: Specialist Registrar in Restorative Dentistry, Liverpool Dental Hospital.

Who Should Attend?

The course is aimed at qualified General Dental Practitioners (GDP'S) and Dental technicians. It meets the new GDC requirements for enhanced CPD.

Aim:

An interactive day of seminars/lectures and case based discussions, discussing the principles of basic occlusion and its relevance to every day restorative dentistry.

Participants will have an improved knowledge of occlusal terminology and be more confident in assessing and recording occlusion.

Delegates will be given the opportunity to take facebow transfers of each other

Learning Outcomes:

By the end of the event delegates will be able to:

- Discuss the relevance of the "ideal occlusion" in restorative dentistry.
- Identify methods of recording the occlusion.
- Describe when it may be appropriate to conform or reorganise an existing occlusal scheme, even at an increased occluding vertical dimension.
- Explain articulator selection and how to record a facebow transfer.
- Demonstrate how articulator settings can be set to aid the clinician and optimise clinical efficiency
- Discuss a number of clinical scenarios where an appreciation of the occlusion helped to ensure a successful outcome when providing fixed and removable prosthodontics.

This programme qualifies for 6.5 hours of verifiable CPD
