

Safe & Effective Triage for Dental Emergencies

This webinar should provide dental nurses and reception staff with the knowledge and skills needed to effectively manage dental emergencies, ensuring patient safety and proper utilisation of urgent appointments. It's a critical aspect of dental care, and well-trained staff can make a significant difference in patient outcomes.

The session will also explain:

- What is a dental emergency
- Red Flag symptoms
- Safe limits of pain relief/accidental overdoses
- Medical history questions and contraindications
- Pain management advice

NHS Dentists - £15.00. Non NHS Dentists £30.00
