

# Level 3 Child Safeguarding

## Do you need Level 3 Safeguarding training?

This webinar is designed to meet the Level 2 training level. In addition it will cover the Level 3 requirements needed for those members of the dental team with additional paediatric pathways.

It will cover the contribution required of level 3 and will cover the planning, intervening and/or evaluating the needs of a child or young person.

## Speaker: Vicky Brown

Vicky is a safeguarding operational lead at Mastercall Healthcare, delivering safeguarding level 3 training to clinical staff as well as bespoke training for other professionals.
