

Preformed metal crowns for primary molars: **Quick, easy and evidence based**

Venue: School of Dentistry, Education Wing

Dates: Wednesday 3rd July 2024

Time: 12.30pm Arrival and Registration - Close at 5:00pm

Course Speakers:

Dr Laura Gartshore, Senior Lecturer & Honorary Consultant in Paediatric Dentistry, BDS Programme Director, University of Liverpool School of Dentistry

Dr Judi Humphreys, Senior Lecturer & Honorary Consultant in Paediatric Dentistry, University of Liverpool School of Dentistry

Who Should Attend?

The course is aimed at qualified General Dental Practitioners (GDP'S) and Dental Therapists. It meets the new GDC requirements for enhanced CPD.

Aim: To understand when, where, and how to use preformed metal crowns on primary molars (theory). Practice handling and placing preformed metal crowns in a simulated, small practical group environment with a relaxed and informal atmosphere. Teaching and learning will consist of interactive lectures, case-based discussions, and 'hands-on' practice.

Learning Outcomes:

By the end of the event delegates will be able to:

- Describe the indications & appropriate case selection for preformed metal crowns
- Recall how to communicate & consent with patients & parents
- Discuss development & acceptance of the technique
- Complete placement of a preformed metal crown on a primary molar
- Describe how to prevent, recognise & manage complications that may arise
- Explain the role of the whole dental team in managing dental caries in children
- Reflect on cases presented to illustrate how preformed metal crowns can enhance your practice

This programme qualifies for 4 hours of verifiable CPD
