

Occlusion in Restorative Dentistry

NHS
England

Join our hands-on course to deepen your understanding of occlusal concepts and their application in restorative dentistry. Through interactive lecture, practical exercises, and case studies, you'll learn both analogue and digital techniques to enhance clinical outcomes, including demonstrations of occlusal record-taking using intra-oral scanners and traditional methods.

SPEAKER:

Chris Dakin

BDS, MFGDP(UK),

Chris is a sought-after speaker on occlusion in restorative dentistry, having lectured both regionally and nationally
