

Dental Radiographic Techniques

3 hours
eCPD

Through theory and simulated practice this session covers a range of dental radiographic projections, focusing on the key principles of positioning. It also highlights the importance of accurate positioning, appropriate exposure factors, and patient cooperation to achieve high-quality, Grade A diagnostic images.

SPEAKER:

Tracey Gregory

Tracey is a diagnostic radiographer, Associate Lecturer in Radiography at the University of Derby and Teaching Associate in Radiography at the University of Cumbria
