

Child Safeguarding (Level 2) & Introduction to Adult Safeguarding

Health Education North West
Postgraduate Dentistry

This course aims to examine the role & responsibilities of dental staff in safeguarding.

Aims:

- Provide an overview of the training requirements for all staff
- Look at all aspects of child abuse & the importance of the family, with a section on dental neglect
- Examine referral procedures
- What happens after referral
- A brief explanation of possible causation
- Look at the different factors involved in adult safeguarding

Objectives:

- To be able to identify abuse & neglect and know how and when to refer
- Understand the factors that predispose to abuse & know what you need to do in your practice

****This course qualifies for 3 hours verifiable CPD****
