Maxillofacial Rehabilitation*

Ahmed S Al-Khayatt

Consultant in Restorative Dentistry

Gillian Hall

Consultant Histopathologist

Matthew Kennedy

Consultant Oral & Maxillofacial Head & Neck Surgeon

Venue:

Kings House Conference
Centre Sidney Street
M1 7HB

Date:

Monday 1st February 2016

Time:

9.00am - 3:30pm

*(Registration & refreshments
from 8.30am)*

Contribution:

£20.00 (NHS)

£40.00 (Non NHS)

Aim:

To provide appropriate information to facilitate early diagnosis of oral cancer and the Dental teams' role throughout the patient's journey from referral to rehabilitation.

Objectives:

- Identify oral pre-malignant conditions
- State the referral procedures and what happens next
- Provide an insight into rehabilitation strategies for all head and neck patients including those who receive chemo/radiotherapy
- Discuss the GOP/Dental Team's role before, during and post-treatment of oral cancer

This course qualifies for **5 hours verifiable CPD** and forms part of the recommended criteria as specified by the General Dental Council.

*Cancellations: Refunds will not be given after 18th January 2016
