Making Prevention Work in Practice

A course for Dental Nurses

Overview:

This 2½ day course is aimed at providing Registered Dental Nurses with the competencies required to deliver evidenced based individual preventive advice to patients and the skills to apply fluoride varnish as appropriate. All Dental Nurses must have a dentist who will act as a mentor; the mentor must attend the course with the Dental Nurse for the first session (AM only).

For full aims, objectives, learning outcomes and to reserve your place visit the Maxcourse website:

www.maxcourse.co.uk/henw

Cancellations: Refunds will not be given after the closing date of 19th December 2015 however you can nominate another delegate.
