

# Qualification in Dental Radiography for Dental Nurses

**Course Lead: Dr Barbara Dixon**

**This eight and a half day course has been developed to ensure that dental nurses receive the knowledge and competencies to enable them to take radiographs under prescription.**

To gain the qualification students will need to:

- Attend all study days
- Gain clinical experience in taking radiographs by completing a practical portfolio
- Take a 1 hour true/false and best answer examination on the theoretical aspects of dental radiography
- Complete a practical work based portfolio

For the practical portfolio students must take a minimum of 40 radiographs under supervision, which must include the following types of radiographs:

- 20 periapical radiographs (using the paralleling technique)
- 10 pairs of bitewings
- 10 panoramic radiographs

These radiographs are not required to pass the qualification and will not contribute to the student's final grade, but will be recorded in the student's transcript to demonstrate their experience. The Qualification will be awarded by the BDA, this course is being subsidised by Health Education England.

**To reserve your place please log on to [www.maxcourse.co.uk/henw](http://www.maxcourse.co.uk/henw) and follow instructions online**

**Closing date: Tuesday 19<sup>th</sup> April 2016\***

## Venue

The Countess of Chester  
Health Park  
Learning & Development  
Centre  
Liverpool Road  
Chester  
Cheshire  
CH2 1UL

## Dates of attendance

17 <sup>th</sup> & 18 <sup>th</sup>	May 2016
12 <sup>th</sup> & 13 <sup>th</sup>	July 2016
20 <sup>th</sup> & 21 <sup>st</sup>	Sept 2016
11 <sup>th</sup>	October 2016
2 <sup>nd</sup>	November 2016

Final exam:  
25<sup>th</sup> am only November 2016

## Contribution

£160.00
