

# Fluoride Varnish Application for Dental Nurses

This course has been designed for dental nurses whose practice is part of the Cheshire and Merseyside 'Quality & Access Scheme'.

The training provides knowledge and practical expertise to safely and effectively apply fluoride varnish under a dentist's prescription. Learn about fluoride's role in preventing dental disease, application techniques, patient education, safety considerations and professional responsibilities. Gain hands-on experience and develop key communication and patient management skills to support better oral health outcomes.

## Speaker:

Dr Fiona Sandom  
Ph.D., MSc. DIP DT, Dip DH,  
FDTF RCS Ed, FCGDent

## Cost:

Fully subsidised.  
Failure to attend all  
sessions will result in you  
being liable for the full  
cost of the course.
