

Orthodontic Clinical Assistant Refresher

Plymouth Medical Centre

Derriford Hospital

9.00am-4.30pm

7th October 2011

Programme

We are running this year's course along the lines of assessment stations, as they have in the M.Orth examinations, but

DON'T PANIC!

This is NOT and exam nor will marks be posted!

We do want to start promptly at 9.30am, so tea & coffee will be available from 9.00am.

The morning and afternoon sessions will follow a similar pattern: you will have one hour to complete three tasks (stations) followed by a refreshment break.

Each of the three consultants will then in turn head a 35-minute discussion embracing your responses to these tasks.

The day will end with our customary evaluation period.
