

**An Update in Oral Medicine for the GDP
Thomas Sydenham Education Centre, Dorset County Hospital,
Dorchester
Friday 21st September 2012**

Course Tutor – John Hamburger

This course is designed to provide an oral medicine refresher for the general dental practitioner. It will cover ulcerative and blistering conditions, dry mouth and burning mouth problems, oral pre-malignancy and malignancy. Our speaker is a Senior Lecturer and Consultant in Oral Medicine at Birmingham Dental Hospital and School.
