

# **Ionising Radiation IR(ME)R**

## **10<sup>th</sup> November 2012**

**Presented by  
Ian Hamilton**

**Ian Hamilton is a registered dentist with a background in radiation protection and an MSc in Dental and Maxillofacial Radiology. He has presented at International conferences in Budapest (2009) and Hiroshima (2011). Appointed as the Subject Matter Expert (SME) for the Defence Dental Services, he lectures widely throughout the UK in Radiography and Radiation Protection for all members of the Dental Team and his course feed-back reports consistently rate this mandatory training as a lively, entertaining and informative session.**
