**21.00                                      Questions and Close**

**Aim:-** To make dentists and DCPs aware of the direction of travel of dental care in the next decade

**Objectives:-** By the end of the evening delegates should :-

- Be aware of the current state of the dental health of the nation
- Be aware of the likely changes in the need for dental care in the next decade
- Have reviewed the key attributes of successful businesses (vision, funding, market, service & products)
- Be aware of likely drivers for NHS dental commissioners
- Understand the new commissioning arrangements in the NHS
- Be aware of the need to develop a professional vision for your area
