09.30	Registration
10.00	Periodontal Assessment
11.15	Coffee
11.30	Periodontal Classification & Diagnosis
13.00	Lunch
14.00	Periodontal Treatment Planning with Case Studies
16.30	Questions and Evaluation
17.00	Finish

**Aim:**

This course will include problem solving to assess current treatment planning methods and enable the dental team to improve periodontal treatment planning in general dental practice.

**Objectives:**

By the end of the session the participants will be able to:

1. Effectively identify and diagnose types of periodontal disease including spotting more challenging cases
2. Use appropriate methods of diagnosis and assessment
3. Formulate treatment plans with the aid of case studies
4. Be able to liaise with other members of the team in providing sound care and management
