

Mastering Anterior Composites: A Simplified Approach

Date and venue:

Tuesday 26th March, 2013
Truro Dental Education Facility, Treliske

Course Organiser:

Carrie Bradburn, Postgraduate Tutor

Course Lecturers:

Jason Smithson

Programme

09.00	Registration & Tea/Coffee
09.30	Mastering Anterior Composites
11.30	Tea/Coffee
12.00	Hands on Practical Session 1
13.00	Lunch
14.00	Hands on Practical Session 2
15.00	Tea/Coffee
15.30	Hands on Practical Session 3
	Discussion period
17.00	Close

Aim: To introduce simple techniques which result in highly aesthetic anterior composite restorations

Objectives: By the end of the course delegates will understand how to:-

Practically place anterior direct composite resin restorations

Use simplified techniques to consistently achieve lifelike resin restorations

Use a predictable technique to achieve anatomical contours which require minimal finishing
