**Course Aim:**

A Lecture based day with Dr Alex Milosevic, covering topics on toothwear and dental erosion and group case presentations.

**Course Objectives:**

1. To discuss the aetiology and presentation of erosion/toothwear.
2. To explain the inter-relationship of aetiological factors.
3. To better understanding the steps in treatment planning eroded/worn dentitions.
4. Appreciation of when and how to increase the vertical dimension by the application of the "Dahl Concept"
