

**The Diagnostic Dilemma: Orthodontic Diagnosis
Encompassing IOTN**

(SW14-01-30-1)

Postgraduate Medical Education Centre, Lecture Theatre
Royal Bournemouth Hospital BH7 7DW

Course Organiser:
Sarabjit Nandhra

Course Lecturers:
Trevor Hodge BDS, MFDS, MPhil, MOrthRCS, FDS (Orth) RCS Consultant Leeds Dental
Institute

Programme

7pm – 7.30pm – refreshments

7.30pm – 9pm - lecture

Aim:

To give an overview of what is happening with orthodontic manpower and appliance innovation from a personal perspective

Objectives:

- To look at what undergraduates learn (based on the Leeds model) and see how orthodontic therapists are changing the delivery of orthodontic services
- To see how mechanics are changing the practice of orthodontics
- To review the orthodontic-surgical interface and how surgeons can come to the rescue!
