

Decontamination: Practical Procedures for the Dental Team'

by

Carmel Maher

**Tuesday 13 January 2015
Postgraduate Medical Centre, Bath**

Biography

Carmel Maher has worked in close cooperation with dental teams since 2004 having represented both Schulke UK and Optident Limited as an Infection Control specialist.

She has a wealth of knowledge on the subject and has written numerous articles on the subject of 'decontamination procedures' within dentistry.

Following a year's maternity leave, Carmel now works independently delivering 'In Practice Training' with teams who are keen to achieve Best Practice objectives.

Carmel has worked closely with Dr Michael Martin and Dr Martin Fulford- who have contributed much to the content of her training course.
