Short resume of career to date	Dr. Johannes Jurgens Jansen van Rensburg (Jansie) was born in South Africa and obtained his dental degree in 1980 at the University of Pretoria. Through working with fibre reinforced composites (glass fibre reinforcement composite restorations), Jansie developed an interest in these techniques. He has helped many patients by providing them with solutions using fibre reinforced composites to solve their dental problems in an efficient, durable, cost effective and minimally invasive way.
Experience relevant to the topic	Jansie has been practising fibre reinforced composite techniques for the last 10 years and is also actively involved in educating dental professionals in these skills.
Feedback from other courses given	Very good
