**Aim**

To improve the selection and techniques for the direct restoration of posterior teeth

**Objectives:**

- 1) Select the most appropriate material for the restoration of posterior teeth
- 2) Select the most appropriate equipment for the restoration of posterior teeth
- 3) Select the most appropriate technique when restoring posterior teeth

**Dental Postgraduate Department****Learning outcome:**

To be able to select the correct material when restoring teeth in practice and realise why some may fail in certain situations.

**GDC development outcome:**

C

The eGDC activity log suggests reflecting on the following during and after this course:

- What did you learn (or confirm) from the activity that was helpful or relevant to your daily work and patients?
- Did you identify any changes/updates needed in your daily work, and if so, what? How did you make these changes?
- If you didn't identify changes needed, what did the activity confirm for you, that you may already know or be doing?
- What was the benefit to your work and/or your patients in carrying out this activity?
