

**How to take good intra-oral radiographs and OPTs  
(SW18-06-23-2)**

**Date and venue:**

Saturday 23<sup>rd</sup> June 2018

09:15am – 12:30pm

Dental Radiography Room, Level 7, Dental Specialities,  
Derriford (Hospital Main Building)  
Plymouth PL6 8DH

**Course Organiser:**

Heidi Mills

**Course Lecturers:**

Tim Huckstep  
Dental & Maxillofacial Dept.

**Programme**

09:00 - 09:30	Registration with refreshments
09:30 – 11:00	Session 1: How to take good intra-oral radiographs
11:00 – 12:30	How to take good OPT's

**Aim**

To give participants an opportunity to revise their intra-oral radiography and OPT skills.

**Objectives**

By the end of the session, delegates will:

1. Have revised the techniques for the use of equipment used to take intra-oral radiographs using the paralleling technique.
2. Have revised the positioning of the patient to take high quality OPTs
3. Have had an opportunity to gain insight on the equipment they use in their practice.

**Learning Outcome**

Those delegates should be able to take high quality intra-oral radiographs and OPTs at the first attempt thus reducing the ionising radiation dose to their patients.
