Wednesday 4<sup>th</sup> March 2020

Engineers House

The Promenade

Clifton Down

Bristol BS8 3NB

Course Organiser:

Lucy Silk

Course Lecturers:

Alex Greig BDS MFDS RCPSG FDS RCPSG MFGDP (UK) Dip Con Sed Dip Imp Dent  
RCS (Eng)

### Programme

18.00 – 18.30	Registration – a buffet supper will be available
18.30 – 19.30	Session 1
19.30 - 19.40	Coffee
19.40 – 20.45	Session 2

### Aim

1. Improve confidence with routine oral surgery procedures in general dental practice
2. Reduce the risk of complications arising
3. Recognise common complications and deal with them appropriately

### Objectives:

Following the course, participants will

- Have an overview of exodontia and minor oral surgery procedures within the remit of the GDP.
- Understand Clinical and Radiographic assessment of the patient.
- Recognise suitability for treatment in Dental Practice and when it is appropriate to refer to Secondary Care.

## **Dental Postgraduate Department**

- Take a systematic approach to treatment to achieve best outcome and patient satisfaction.
- Be able to classify complications, prior to, during and after surgery. Minimise the incidence of complications and improve confidence.
- Know how to deal with common complications effectively.

### GDC development outcome:

C

The eGDC activity log suggests reflecting on the following during and after this course:

- What did you learn (or confirm) from the activity that was helpful or relevant to your daily work and patients?
- Did you identify any changes/updates needed in your daily work, and if so, what? How did you make these changes?
- If you didn't identify changes needed, what did the activity confirm for you, that you may already know or be doing?
- What was the benefit to your work and/or your patients in carrying out this activity?
