Why FutureNHS?

- Connect with peers across health and care
- Share professional knowledge
- Learn from over 3500 workspace communities
- Safe and secure platform with trusted support

2. Once you have provided a suitable email address you will receive the following message and asked to provide a memorable password

Register

IMPORTANT: If you are not able to self-register you will need an invitation directly from one of the platform's workspace managers. If you are unsure of workspace manager's contact details, please let us know the workspace name or specific interest area you are looking to join by emailing us on support@futurenhs.zendesk.com, and we will send you the relevant workspace manager's email so that you can contact them to request to join their workspace. They will then review your request and can issue you an invitation to their workspace.

3. You will be asked several questions which you will need to answer and 'click' **join**
4. Once approved by admin, you will be a member of NHSFutures

Searching for a workspace

- 1 On the search bar at the top of the screen, please enter South-West Dental Network

3. Once you have located South-West Dental Network, complete the following questions

Join Workspace

By joining this workspace, it will stay in your "My Workspaces" list for easy access, and you can receive notifications about new and updated content

Email Notifications

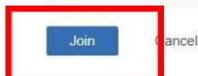

When should we notify you about new activity in this workspace?

Send me an immediate email:

- about the main changes and content I subscribe to
- about the main changes
- about content I subscribe to
- never

Send me a summary email:

- weekly
- daily
- never

4. If you are following the steps above and encounter any problems or issues, please contact us and we will try to support in any way we can

South West Dental Network

Create a new item   

5. Once your membership has been approved you will have access to lots of informative dental resources

Changing your Email Preferences

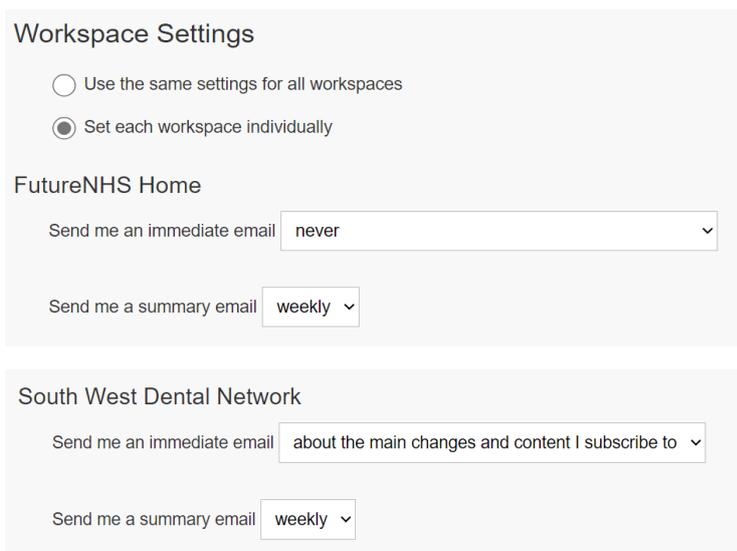

- To change your email preferences visit drop down menu on left hand side of screen and select Account Settings

The screenshot shows the 'Email Preferences' page. On the left is a navigation menu with options: Dashboard, Workspaces, Notifications, Tasks, Calendar, Private Messages, Account Settings (highlighted), and Find a Workspace. The main content area is titled 'Email Preferences' and has tabs for Profile, Password and Security, Email Preferences (selected), Subscriptions, and Integrations. Under 'General Settings', there is a section 'Send me an immediate email:' with three toggle switches, all of which are currently turned off:

- When something personal to me happens (like being assigned a task or sent a private message or something is shared with me)
- When I'm being reminded about something (like a task that's due or a calendar event)
- Notify me even when I'm the person that's made a change

- When you select Email Preferences you can select to turn off notifications. This will mean you will NOT receive emails regarding messages, reminders, and / or changes.

The screenshot shows the 'Workspace Settings' page. It has two main sections:

Workspace Settings

- Use the same settings for all workspaces
- Set each workspace individually
