

## Dental Postgraduate Department

### Indirect restorations (SW-26-09-18-01)

Date and venue:

Friday 18 September 2026  
Holiday Inn Taunton M5 Junction 25  
Dean Gate Avenue  
Taunton  
Somerset  
TA1 2UA

Course Organiser:

Samantha Braddock

Course Lecturers

Prof. Brian Millar

#### Programme

0900- 09.15	Registration
09.15 -11.00	Seminar – Selecting materials and preparations for broken down posterior teeth including assessing teeth for restoration or extracting.
11.00 -11.15	Coffee
11.15-12.45	Hands-on – tooth preparation techniques
12.45-13.30	Lunch
13.30-14.45	Hands-on – checking preparations, impressions and temporisation
15.00-16.15	Hands-on – cementation and occlusal checking
16.15-16.30	Discussion

#### Aim

The aim of this course is to update delegates in the provision of conventional and new indirect restorations.

## Dental Postgraduate Department

### Objectives:

By the end of this course delegates should be able to:

1. Identify when to use indirect restorations to restore broken down and root-filled teeth
2. Select appropriate materials and techniques for a given clinical situation
3. Demonstrate the preparation and temporisation of a range of indirect restorations
4. Discuss the management of subgingival margins
5. Undertake predictable impressions and describe the management of impression taking in difficult clinical scenarios
6. Explain different cementation protocols

### Learning outcomes:

By the end of this course delegates will be able to:

1. Choose an appropriate indirect material for a range of situations
2. Select an appropriate preparation design
3. Use techniques to ensure good preparation design
4. Fabricate suitable provisional restorations
5. Record accurate impression in difficult situations
6. Record the correct occlusion
7. Apply appropriate cementation protocols

### GDC development outcome:

ACD

## Dental Postgraduate Department

The eGDC activity log suggests reflecting on the following during and after this course:

- What did you learn (or confirm) from the activity that was helpful or relevant to your daily work and patients?
- Did you identify any changes/updates needed in your daily work, and if so, what? How did you make these changes?
- If you didn't identify changes needed, what did the activity confirm for you, that you may already know or be doing?
- What was the benefit to your work and/or your patients in carrying out this activity?
