

Dental Postgraduate Department

Practical Minor Oral Surgery for the GDP

(SW20-02-12-1)

Date and venue:

Wednesday 12th February 2020
Exeter Dental Education Facility
Veysey Close
Exeter
EX2 4SG

Course Organiser:

Lucy Silk

Course Lecturers:

Pippa Blacklock, Associate Specialist in Oral and Maxillofacial Surgery
Simon Heywood, Specialist in Oral Surgery

Programme

0900- 09.30	Registration
09.30 -10.30	Suturing Revisited Practical: Instrument Handling, Knot tying, Suturing Techniques.
10.30-10.45	Coffee
10.45- 11.45	Minor Oral Surgery Tutorial: Case Selection, Surgical Procedures, Flap Raising, Bone Removal, Sectioning.
11.45-12.15	Demonstration & Practical: Use Of Elevators & Luxators.
12.15- 13.00	Practical On Models: Flap Raising, Bone Removal, Tooth Sectioning, Suturing
13.00-14.00	Lunch
14.00-14.30	Surgical Practical – Continuation.
14.30-15.30	Small Group Discussion: Management of MOS complications in practice
15.30-15.45	Coffee

Dental Postgraduate Department

15.45-16.15	Discussion: Post Operative Management of Surgical Patients.
16.15-16.30	Close, final comments

Aim

To review principles of MOS and provide hands on training in flap design bone removal use of elevators and suturing.

Objectives:

1. To review the principles and techniques of MOS for the GDP.
2. To practice suturing on surgical models.
3. To practice raising flaps, bone removal, teeth sectioning, elevating and luxating on surgical models.
4. To review and discuss the management of the complication of MOS in dental practice.

Learning Outcomes:

1. Participants will be able to describe and discuss the principles and techniques of MOS.
2. Participants will be able to demonstrate on surgical models, raising a flap, sectioning and removing bone, elevating roots and suturing.
3. Participants will be able to describe and discuss the management of post- operative MOS complications in primary care.

GDC development outcome:

C

The eGDC activity log suggests reflecting on the following during and after this course:

Dental Postgraduate Department

- What did you learn (or confirm) from the activity that was helpful or relevant to your daily work and patients?
- Did you identify any changes/updates needed in your daily work, and if so, what? How did you make these changes?
- If you didn't identify changes needed, what did the activity confirm for you, that you may already know or be doing?
- What was the benefit to your work and/or your patients in carrying out this activity?
