Ionising Radiation Update (SW09-51)

Date and venue:

Friday 20 November
Alexandra House, Swindon

Course Organiser:

Colin Borland, Postgraduate Tutor

The Course is designed to meet the requirements for 5 yearly update in the subjects of Dental Radiography and Radiology as required under the Ionising Radiation (Medical Exposure) Regulations (IRMER) 2000.

The Course is a full day presentation separated into 4 sessions following the subject guidance given in IRMER and confirmed by the GDC.
