

**OCCLUSION:
Why, When, How?**

Lecturers:

Paul HR Wilson & Andrew Barber

Monday 10th May

Burwalls Centre for Continuing Education, Bristol

Course Organiser:
Louise Nash

PROGRAMME

Aims: Participants will have a good understanding of occlusal theory in relation to restorative dentistry at the end of the study day.

Objectives – by the end of the course participants will be able to:

1. Participants will have good practical knowledge to enable incorporation of occlusal planning into their own clinical environments.
2. Participants will have a good understanding of the equipment required and their use in delivering high quality restorative patient care with respect to occlusion.
